Instructions for Completing Graduation Plan:

- Fill in your personal information, including name, UID, email address, intended major, date of plan, and cumulative credits to date.
- Starting with the CURRENT semester, and continuing with future semesters, complete your plan. **DO NOT** include past semesters.
- Make sure to plan for all Benchmark/Gateway courses in the required time frame (see major card and/or benchmark contract).
- For each semester, complete the plan with your remaining requirements as they are labeled on the major card. **DO NOT** write specific courses (i.e., write CORE HA, not ARTH 290). This will allow for more flexibility when registering for classes in future semesters.
- Fill in the number of credits for each class. Most classes are 3 credits. Classes with lab components are usually 4 credits. Some elective courses are worth 1 or 2 credits. For courses with variable credit, please calculate the plan with the lower number of credits.
- Total the number of credits for each semester in the boxes provided.
- Total the number of credits for your plan by adding together the cumulative credits to date and total year credits. You may need to include elective credits in order to reach 120 credits.
